A reminder that library books checked out before Christmas are due back this Friday. They can also be renewed if you stop by and talk to Mrs. Lombardo.

On Christmas morning the water main burst in front of the school. After the fix, some silt and sand got into our water lines. As you flush toilets, wash your hands, fill water bottles and drink from fountains, if you notice grit or things not working correctly, please let the front office know so our maintenance staff can address it.

2nd quarter 8th grade FCS students--pick up your pillowcase in room 33 today.
